Enhancing volume, extending length, creating curl and stay -ing put to the extreme, these highly defined lashes are clump -resistant, non-flaking and non -smudging and can now with -stand moisture of any kind. The result is incredibly magni -fied and multiplied lashes that are thick, long, curled and full -feathered.

■ **USAGE TIPS:**

1. Perfect combination of short and long bristles, easy to brush magic long lashes.
2. Short bristles close to eyelashes, zig-zag the brush upwards from the every root of the lashes to curl and separate.
3. Pull the long bristles up and out to lengthen the lashes and elongate your eye.
